the modern Gurukul

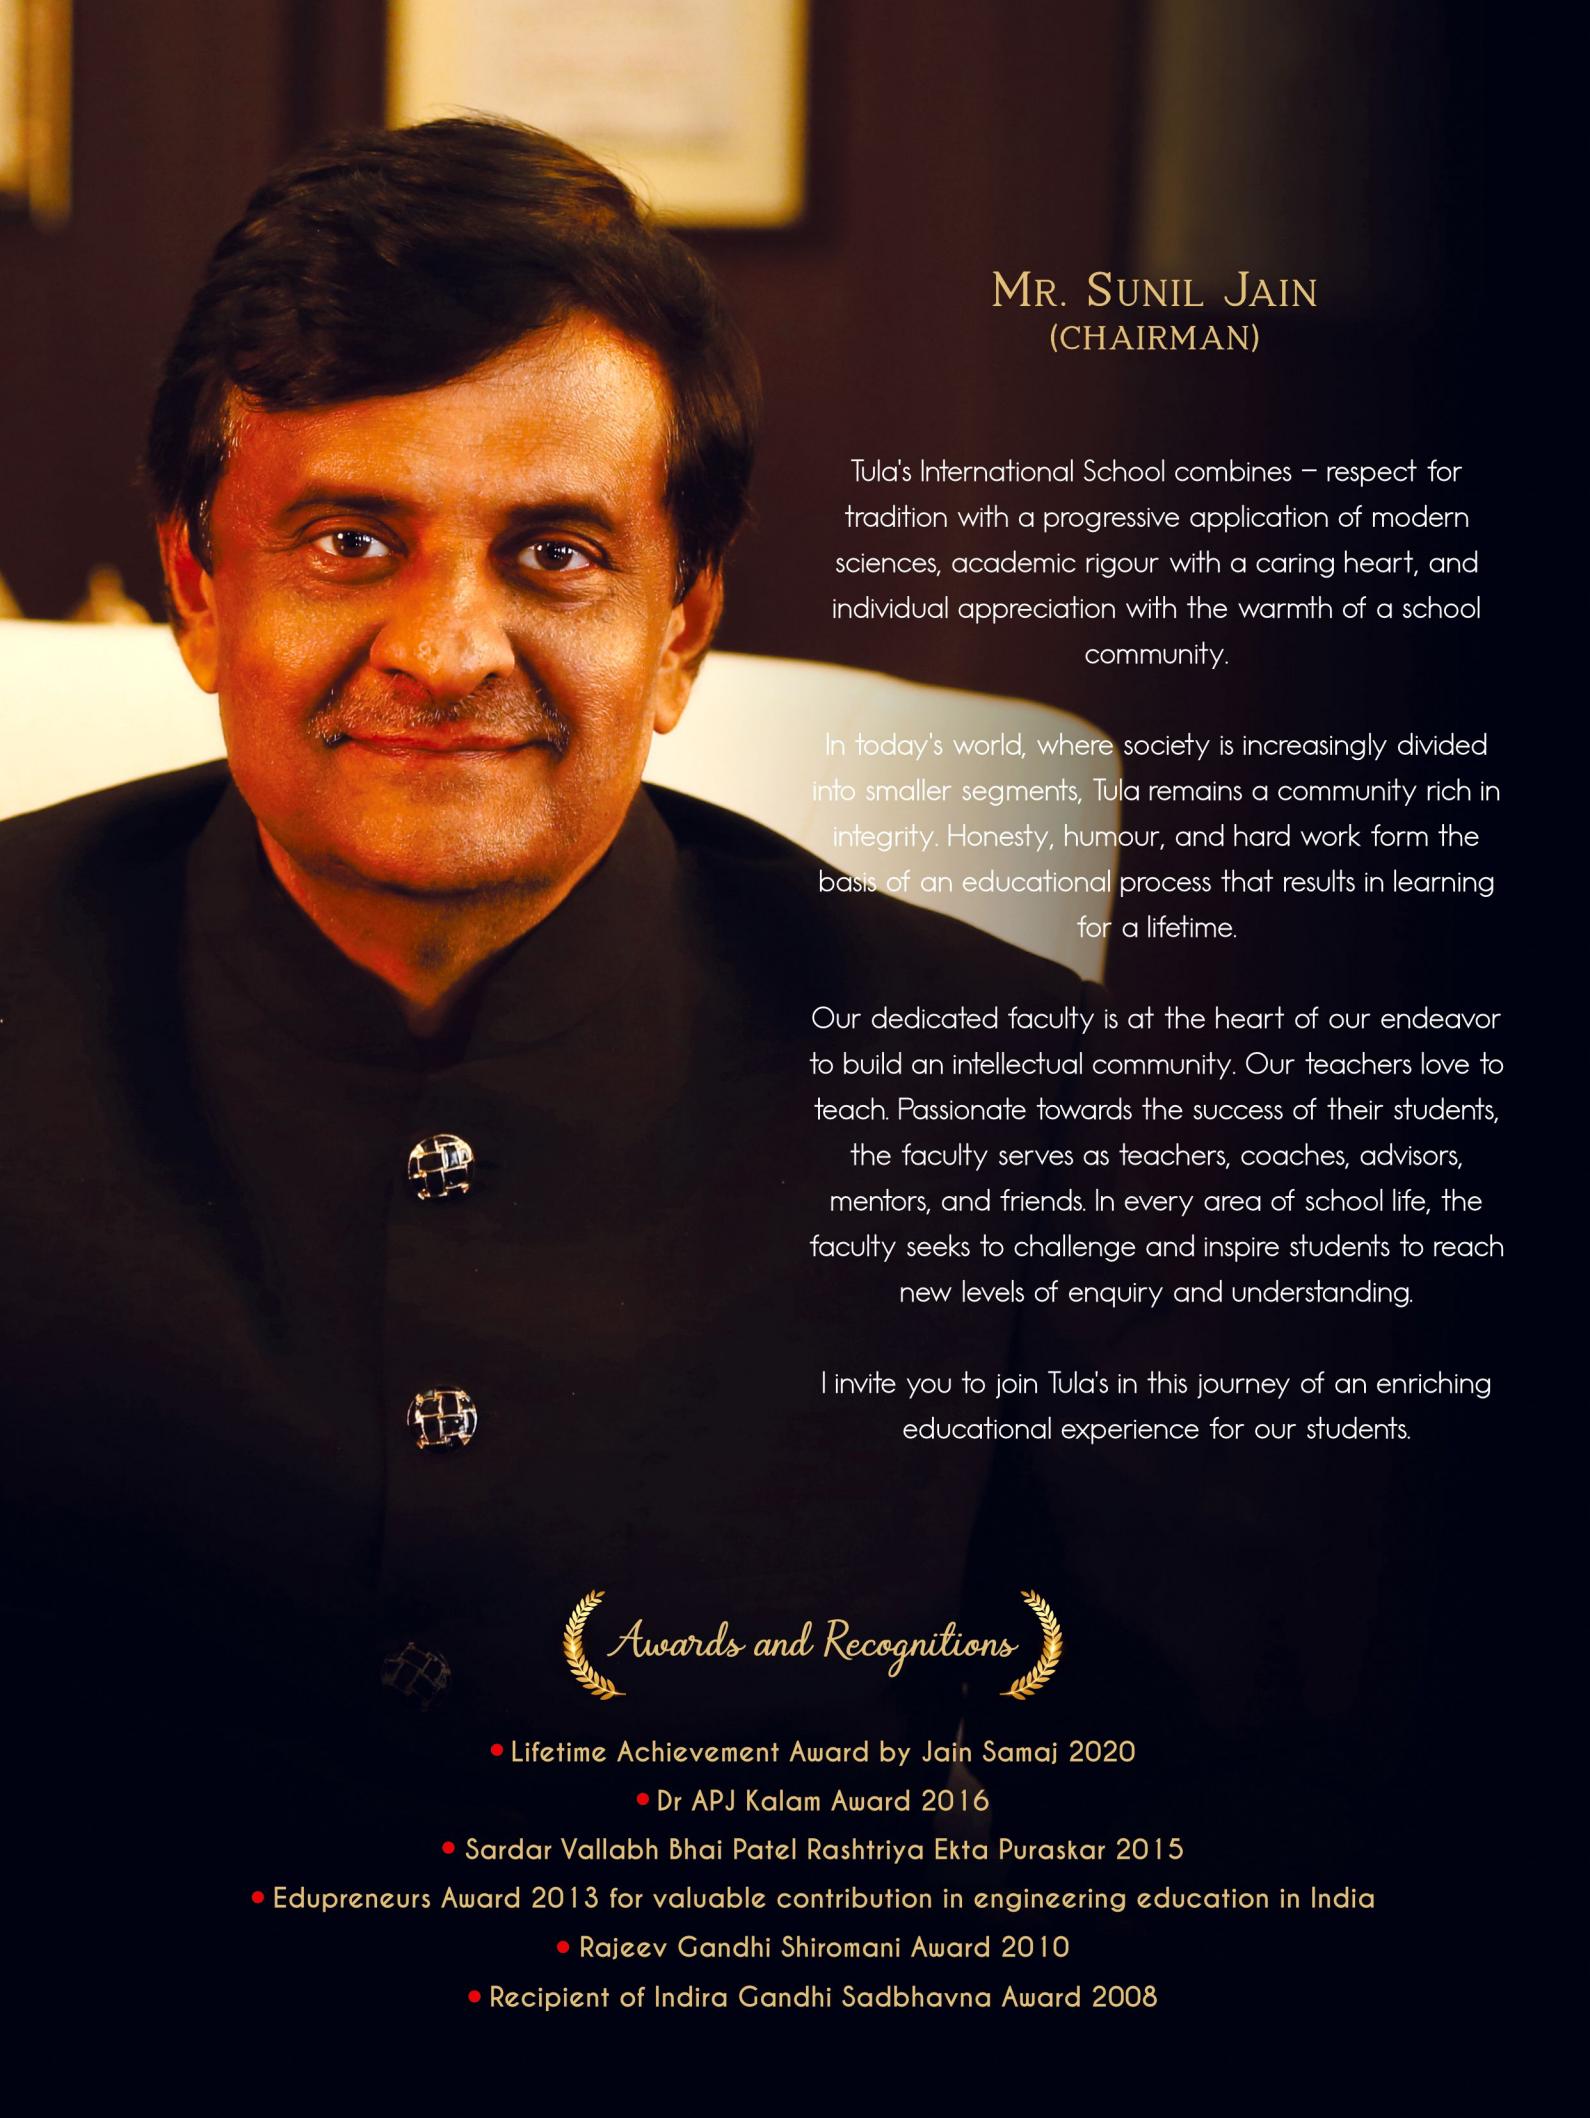

The age-old 'Gurukul' system encouraged the concept of learning and skill development simultaneously.

The modern education system today needs more of such practices along with technology to build the overall personality and life-skills of students. Tula's replicates the concept of Gurukul while also empowering education with technology as it chooses to equip the Gurukul system with modern methods of education and infrastructure. It facilitates exchange programs with international institutions and universities. Its innovative and individualized learning programme handholds the below average students. It also trains students in activities and develop expertise in them. In the field of music, dance, art, public speaking, sports and literary it aims at developing right moralities in students through personality development and career counselling, which makes it best in the business.

Modern Gurukul is a concept wherein our students go to their gurus to seek knowledge through digital mediums. We focus on the mind, body and soul, along with moral values, traditions, spiritual, and ethics as they teach important values and ideas, manners and values which help our students in their future life. The beauty and simplicity of the Gurukul system is well knit with modern facilities. Tula's focuses on key areas like Discipline, Creativity, Right Attitude, Empathy, and Strong Moral Values. The school aims to create the ancient guru-disciple relationship between the teacher and the taught in a modern and well-equipped setup.

A large, warm-toned portrait of Mr. Sunil Jain, the Chairman, occupies the left side of the page. He is a middle-aged man with dark hair and a mustache, wearing a dark suit jacket over a white shirt. The background is dark and slightly blurred.

MR. SUNIL JAIN (CHAIRMAN)

Tula's International School combines – respect for tradition with a progressive application of modern sciences, academic rigour with a caring heart, and individual appreciation with the warmth of a school community.

In today's world, where society is increasingly divided into smaller segments, Tula remains a community rich in integrity. Honesty, humour, and hard work form the basis of an educational process that results in learning for a lifetime.

Our dedicated faculty is at the heart of our endeavor to build an intellectual community. Our teachers love to teach. Passionate towards the success of their students, the faculty serves as teachers, coaches, advisors, mentors, and friends. In every area of school life, the faculty seeks to challenge and inspire students to reach new levels of enquiry and understanding.

I invite you to join Tula's in this journey of an enriching educational experience for our students.

Awards and Recognitions

- Lifetime Achievement Award by Jain Samaj 2020

MR. RAUNAK JAIN (DIRECTOR)

The Director of Tula's International School, Mr. Raunak Jain, is a high achiever. Topping through his college and post-graduation (from the Royal Holloway University of London), Mr. Jain has made winning a habit. Owing to this habit, he aspires to make Tula's International School one of the best and most dependable schools. He understands that he can achieve this ambition only through the success of every student of Tula's, for he believes in – "Together we rise, together we touch the skies".

Mr. Jain, as the Director and as the youngest member of the Tula's family, has all his interests invested in the school to make it a perfect setting for a student's holistic development with emphasis on creating a balanced personality. Compromising at no point, Tula's provides world-class amenities for your child, whether in education, athletics, arts, or entertainment.

We were guided through expert advice.

What Our Parent Say

About Us

Namita Agarwal

M/O Krishna Agarwal
Class VIII, Jaipur, Rajasthan

“

Tula's gives a comprehensive environment for our child to grow. The sports, academics and extra-curricular activities have helped Krishna in knowing himself better. This school has also built his confidence, so thank you to Tula's.”

What Our Parent Say

About Us

Tashi Thsering,

F/o Jigmet Skaldan,
Class VIII, Leh, Ladakh

“

I would like to convey a big thanks to the Management and Teachers of Tula's International School for taking good care of my son. He liked the school and hostel since he got adapted to it from day one. Though its been only about four months he has been admitted to this prestigious school, he has already started getting more confident, independent and a responsible child.”

What Our Parent Say

About Us

Sandeep Kumar

F/O Aryan
Class XI, Sonipat, Haryana

“

Our experience is very amazing with school. Staff is very cooperative and supportive. Our son always admires the school whenever we talk with him.”

What Our Parent Say

About Us

Suresh Kumar

F/O Aditya Kumar Class VIII
Greater Noida West,Uttar Pradesh

“

Tula's International School is doing excellent in all the fields especially giving a lot of exposure to children Very nicely planned and organized academic programme. Good efforts by all teachers. I am very grateful to all teachers, Coordinator and the Headmaster . My child is being groomed very well. Aditya is progressing well academically. His confidence has boosted up a lot as earlier he was very introvert. His communication and social skills have enhanced a lot due to a range of classroom activities. I feel that my decision was right in sending my child to Tula's International School. Keep it up! I wish a great success to Tula's International School.”

What Our Parent Say

About Us

Amit Agrawal

F/O Samruddhi Agrawal
in Class XI, Mumbai, Maharashtra

“

Being a parent it's a big challenge to find a Boarding School that qualifies your Parameters of Security, Health, Hygiene, Academics, Non Academics and Self discipline being key features to be satisfied, more specifically when a girl child is in consideration, for Co-education system. After doing a long search & research and we finally selected Tula's International School and being satisfied to our fullest possible extent. The Premises is fully secured, Food is of excellent quality with proper rotation of menu, Cleanliness is maintained perfectly, Education faculty have excellence in their fields and are very supportive, Sports Tutors are with National level orientation, Time table is followed on daily basis to maintain self discipline and House Parents are very much emotional connected to keep children happy and comfortable. Also, the whole TIS Management does extend its arms to sort out any problems informed about and put their best efforts to keep children enthusiastic & motivated. Thanks to Tula's International School for such a wonderful setup for children.”

“

I am happy and satisfied with the wonderful experience of my son in this school Teachers are very good especially Shweta Ma'am. She is always available when I need her. Arts and Sports teachers are really very supportive.”

What Our Parent Say *About Us*

Gulabdas Gupta

F/O Annika Gulabdas Gupta,
Class VIII, Delhi

“

We admitted our daughter, Annika Gulabdas Gupta, in class VIII this year in Tula's. We learned about Tula's from internet & counsellors. At first we were apprehensive about sending Annika at such a young age to boarding school. But now, after a passage of nearly 5 months, we are happy that we sent her to Tula's. We discovered quite a positive change in her- attentiveness, seriousness about studies, vocabulary etc. She is very much satisfied with the facilities offered at Tula's related to education, extra-curricular activities, recreation, hygiene. We, as well our daughter liked the behavior & responsiveness of teaching, administrative & support staff. In fact, we have spread these positives about Tula's in our circle & quite a few of our friends have decided to send their wards to Tula's in near future.

”

What Our Parent Say *About Us*

Selendra K. Ajmera

F/O Aman Ajmera
Class XII, Dimapur, Nagaland

“

Hi Tula's! In the beginning it was very tough for me to send my son to a boarding school but the day I visited the campus the first thing which came to my mind was that this is the right place and right environment for my son to be in and I made up my mind to enroll my son in the school. After the admission when my son visited the campus, he was very happy to be there. I am very glad to see the changes in my son he has become more responsible and disciplined. He has changed a lot not only in personality but I have seen improvement in his academics, sports and other day to day activities also. I feel very proud and happy to refer other parents also to enrol their ward to the school. And I must not forget to thank all the academic and other supporting staff for their tiresome effort in making my ward excel in all fields.

”

What Our Parent Say

About Us

Mrs Urja Bhayani

M/o- Shikha & Samarth Bhayani
Class XI, Dubai, UAE

“

Right from the beginning, we have been in touch with Robin Sir and Shweta Maam. Both are very helpful and cooperative. Teachers are passionate and helpful towards academics. Thank you to all the teachers for all the timely updates and taking such good care of the children as both my children are new to school.

”

Manaya Mena

M/O Chohsha Ekhomey Mow
Class XI, Itanagar, Arunachal Pardesh

“

TIS is the kind of school ,for those parents who long for a complete holistic education for their children. It's routine is in fact a training phase for the young adolescents to understand the importance of time ,on being healthy and self reliant. TIS does emphasize on discipline and I believe "Discipline achieves what ambition seeks."

What Our Parent Say *About Us*

Ashu Arora

M/o Monisha's Changarnath
in Class VII, Gurgaon, Haryana.

“

It has been a fantastic journey for my daughter in Tula's International School so far. The boarding and infrastructure facility are excellent. We have seen significant improvement in Monisha towards participating in different events like academics, Sports, Culture, and arts, which, as parents, we all believe are very important to teach life skills to a child. All teachers, wardens and school staffs are very supportive and take good care of my daughter. We believe that as Monisha will spend more time in Tula's International School, she will improve in all aspects of life.

House System

House is a place where we all reside and find comfort. We at Tula's have a well-functioning house system. We have five houses namely Olympian, Spartan, Titan ,Trojan and Starks. All the students are divided into five houses. They reside according to their houses.

Numerous inter-house events are conducted, where students compete for the success of their house. This develops the team spirit amongst the students. It also teaches cooperation, love and care between seniors and juniors. All houses are under the care & supervision of House Masters who on daily basis visit the hostel to guide, motivate and to check the discipline of the houses. The students of the junior wing (IV to VI) resides in the holding house.

Mentor – Mentee System

We at Tula's practice mentors – mentee system as we believe a mentor is a must in everyone's life. We under this system allot 8-10 students under the mentorship of a teacher who is responsible for the student's overall stay in school. They solve student's problems; provide information to parents about their children. A mentor bridges the gap between parents and students. Mentors not only discuss about academics but also focus on sports, co-curricular and discipline of student.

Every alternative day mentor-mentee meeting is held. This also strengthens the bond between students and teachers; and also brings the best in the students under the guidance of mentors.

SPORTS

We at TIS focus on the overall development of the children and believe that sports also is a very essential part of a student's life. We have 15 sports (Shooting, Taekwondo, Skating, Squash, Badminton, Archery, Basket Ball, Cricket, Football, Volleyball, Table Tennis, Crossbow, Athletics, Chess & Kabaddi) and 13 coaches who come regularly to mentor the students in their respective sports selected. Our Tulaite also get opportunities to interact with Olympic, Asian Games, Commonwealth, World Cup and International sports personality during different events and tournaments to guide and motivate them. A separate sports time is allotted for senior and junior students.

Nutritious food &
Homely Environment
That is the goal of true education

Vegetarian food leaves a deep impression
on our health and our nature

Health Comes First

Health Care

We at Tula's have 24x7 medical facilities in the school campus. The school Infirmary is fully equipped to provide medical support to the students and staff members. The school infirmary has full time doctor along with nursing officers. Students at any point of time can come to the infirmary along with their house parents. In case of emergencies school has 24x7 ambulance facility and have a tie ups with super speciality hospitals in Dehradun.

Student Counsellor

The psychologist meets the students as per referrals, evaluates them on the basis of their behavioural observations, presenting complaints, academic performances, and family dynamics and tries to determine whether they are going through any major psychological issue or it's a temporary behavioural manifestation precipitated by some external stimuli. Depending on the initial assessment, the student is further referred for detailed psychometric evaluation or psychiatric consultation from any Government Institute or Hospital/ qualified Psychiatrist (as per need) so that further certification processes can be taken care of as per CBSE guidelines.

Apart from that, a much more generalized approach is practiced by the school psychologist to have a knowledge of each student keeping in mind the basic fact that the children are passing through the formative years of their life. And during each day, they go through many experiences, some pleasant, some unpleasant and they need to open up about their emotionality to someone they can trust completely. Each and every aspect of school as well as personal life and how it is being interpreted by the individual has a bearing on the students' psyche, be it friends, parents, teachers, anything and anyone. The Psychologist thus carefully builds up a rapport with the students and help them tide over any crisis in life so that they all can grow up to be mentally and physically healthy, joyful and dependable individual.

Our School Editorial Board & Magazines

From the Desk of The Editor In Chief

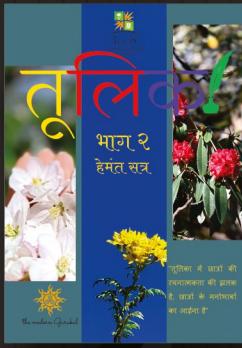

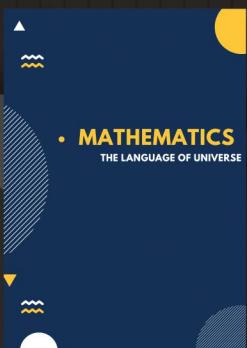

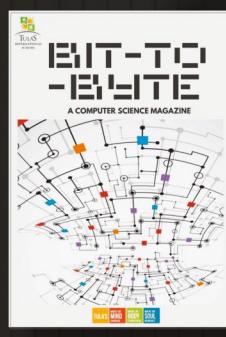

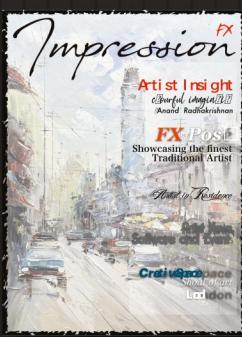

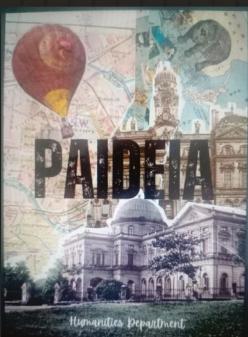

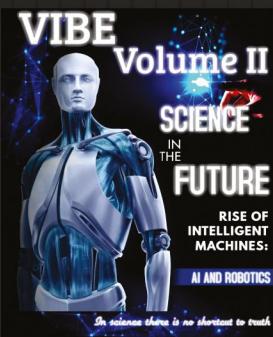

I take this opportunity to thank the school and the management for giving me the opportunity to be the first Secretary/Editor of the Editor in Chief of The Voice. Our school News Bulletin, A lot of diligence and hard work has been put in by the team and I am extremely delighted to present to you all, the inaugural issue of our school magazine. This magazine will give you a glimpse of various events and activities held at Tulas International School and its impact on the students' life here. The year 2022 has started off together with a new beginning and a new hope. We have many colleges functioning on an offline mode and not virtually which has brought a drastic change in our lives working and studying from home for about two years. Though this bulletin, Tulas International School gives a platform to the students to voice their ideas, thoughts and explore the talents of each student. It also helps them to take up many social responsibilities. One of them is the concern for environment. The world is facing a crisis and it is the responsibility of every individual to take steps to constantly determine that the human intervention will not bring about any further damage to our environment. This is our current hood which is not only affecting us but also the other species on this planet. The environmental crisis is a major concern and we must take steps to prevent tragedies, now as well as in the near future. The whole world is facing a crisis and it is the duty of each and every one of us to take steps to prevent any further damage or disaster. So as the individuals inhabiting on this planet Earth, we must take steps to make our environment a positive way so that it can become an even better place to live in. This is the responsibility of every individual and will result in large steps if done by every individual. This is our first magazine and I hope you will enjoy reading it and appreciate the efforts of the students. Stories, poems, personal narratives, art work are most welcome for our next issues.

So Get Set and Enjoy Reading....

Annual Departmental Magazines Are Being Published By Students of Various Departments

SCHOLARSHIP & CONCESSION POLICY

"Our selection process is designed to recognize meritorious students in the field of Academics, Sports, Creative & Performing Arts. Tula's also offers "Scholarship" - to top students who exhibit additional qualities such as exemplary character, integrity, leadership and will share the values of our school community."

Robin Kumar Chhetri
Dean of Admission

Tula's International School's mission is to select students who, apart from being strong in academics, will bring character, positive attitudes, talents and interests in fields such as sports, music and cultural activities to the school. We recruit students from every state in India, Indian nationals from the SAARC countries and International Students from all the other parts of the globe. It almost goes without saying that TIS first priority will be student's ability to cope with our academic curriculum, as well as to contribute strongly to the wider life of our school. In addition to their academic ability and potential, the school looks for qualities in students show that they will make the very best use of the extraordinary opportunities offered here, in and out of the classroom; with active and positive participation, and leave a legacy behind them. TIS wishes each of its students to be leaders in their communities, their countries and around the world.

ADMISSION PROCEDURE >

T.C.A.A. for the new academic session (Class IV-VIII, IX & XI) starts from September every year. Parents need to connect with the admission team for their queries and complete registration of their ward. After registration syllabus is provided to prepare for **T.C.A.A.**

CAREER AND COLLEGE GUIDANCE

With increasing myriad career options raising career counselling has become a very predominant part in school life. We at TIS provide career counselling starting from Grade IX onwards where a team works with the students in a systematic way to shape their career in the best possible way. The purpose behind the career and placement cell is to provide the resources to the students to make sure that they take the right decision in selecting the right stream as per their interest. Different sessions with Colleges and Universities from India and abroad are conducted at TIS where the student gets a platform to understand the different courses and criteria that the universities have to offer.

The career and college placement team will not only help the students to decide the right career but also assist the students for filling up the application forms, helps in providing letter of recommendations, supervise in essay and resume writing. Student also gets opportunities to participate in many college fairs, offline and online universities representative talks. Universities and college visits are conducted for students from India and abroad. Psychometric Test – Psychometric Test is conducted for IX and X grade to help them in deciding the right stream as per their interests and habits for the senior secondary classes, and for senior classes. For senior it enables students to understand which courses will be best suited to them.

ASPIRE (IIT-JEE/NEET-AIIMS Foundation / Preparation Programme)

Each child is competent to achieve great heights. We at Tula's through our ASPIRE programme tap and nurture the hidden potential of child towards Engineering and Medicine. The ASPIRE program of Tula's International School lead students to the path of success through a team of dedicated and highly educated Mentors in various subjects- Physics, Chemistry, Mathematics & Biology.

RAASTA Students' career counselling

We at Tula's International school provide career counselling programmes that help students to develop competency in academic achievements, personal and social development and career planning. Information on various career options in Science, Commerce & Humanities is provided by experienced and eminent counsellors, during the academic session. RAASTA – helps students to develop enthusiasm for learning, gain confidence and develop critical & decision making skills.
